

Whether you want to share files across the office or around the globe, the **Acrobat®** product family enables organizations to simplify document processes using Portable Document Format (PDF). A standard adopted by businesses and governments worldwide, Adobe PDF is a reliable format for electronic document exchange that preserves document integrity so files can be viewed and printed on a range of systems.

Acrobat software enables business users to easily convert any electronic or paper document—even a Web site—to a reliable Portable Document Format (PDF) file for exchange and review with colleagues and customers. **Creative, and engineering professionals** who work with graphically complex documents can improve the reliability and efficiency of business-critical document exchange. All this together with so much more ... **Are you gaining the benefits that Acrobat has to offer?**

A-Certif Ltd provide **Adobe Acrobat training courses at several levels**, from a basic introduction class to advanced classes, and for all versions of Acrobat. Our experienced trainers are knowledgeable and friendly and will answer all your questions and make sure you are happy with every topic that you need to cover.

We offer **public courses** which have a standard content and take place at scheduled times. Alternatively we provide **private courses** which can be tailored to suit your particular learning requirements and delivered when and where you want them.
