

Dreamweaver® is the professional software tool for building web sites and applications. It provides a powerful combination of visual layout tools, application development features and code editing support. Dreamweaver enables web designers and developers to easily create and manage any website. You can:

- Use a world-class design and code editor in one tool. Manipulate pixel-perfect designs in Design view, dive right down into source code, or do a little of both.
- Create sophisticated, standards-based sites with rich CSS support. Get it done sooner with powerful tools that allow for quick selection and control of page and site wide style properties.
- Improve your end-user experience with a dynamic cross-browser validation process that automatically checks tags and CSS rules for compatibility across all leading browsers.
- Plus lots more ...

Are you taking advantage of what Dreamweaver has to offer?

A-Certif Ltd provide **Macromedia Dreamweaver training courses at several levels**, from a basic introduction class to advanced classes, and for all versions of Dreamweaver. Our experienced trainers are knowledgeable and friendly and will answer all your questions and make sure you are happy with every topic that you need to cover.

We offer **public courses** which have a standard content and take place at scheduled times. Alternatively we provide **private courses** which can be tailored to suit your particular learning requirements and delivered when and where you want them.
